

“For God, Family and Country”

THE WORD “EAGLE” STANDS FOR:

Educating — assuring the right of parents, not government to choose and guide the education of their children.

Affirming — the right of individuals to be protected and unencumbered from the strains and limitations of abusive and excessive government.

Giving — both monetarily and in service to the conservative movement and to community-based volunteer groups, also in providing pertinent information on issues and topics.

Leading — through coalitions and networks, workshops and training seminars. Eagle Forum has always been at the forefront leading the conservative tide sweeping the U.S.

Effecting — government policy and building relationships with legislators, co-sponsoring legislation and legislative alerts along with lobbying groups.

Eagle Forum's Mission

Our mission is to enable conservative and pro-family men and women to participate in the process of self government and public policy making so that America will continue to be a land that values individual liberty, property rights, respect for family integrity, public and private virtue, and the free enterprise system.

Eagle Forum of California is a non-partisan, non-sectarian organization of men and women whose motto is “for God, Family and Country.” Our members are dedicated to preserving the political, economic and social principles upon which our nation was founded. Our achievements have proven that citizen volunteers can determine government policies in Congress and in California, elect statesmen at every level of government and effectively communicate to the public and the media the principles for which we stand.
