

Eagle Forum of California 17th Annual State Conference - a Big Success!

Under the theme of “Restoring America’s Liberty and Godly Heritage,” many outstanding speakers spoke before an audience of over 200 people who attended Eagle Forum of California’s 17th Annual Conference held at the Calvary Chapel Tustin, in Santa Ana, CA, Saturday, April 29: 9:00 a.m. to 5:30 p.m.

Some of the comments about the conference by the attendees were: “Excellent as always;” “Loved it;” “Very enlightening;” “Amazing, learned so much;” “Thoroughly enjoyable and very informative;” “Great Speakers;” “I am so glad that we attended.” “It is valuable teaching that only Eagle Forum brings to us.”

One of the featured speakers was Anne Schlafly Cori, Chairman of the National Eagle Forum, and youngest daughter of the late Phyllis Schlafly. She spoke about “Keeping the Legacy of Eagle Forum and Phyllis Schlafly Alive.” She told of the many “fabulous years of bold leadership” of her mother, and how we are now transitioning from “one powerful voice to many voices.” “Phyllis gave courage to those voices and did so with grace and style.” Anne stated that the greatest legacy left by her mother, who passed away last September at age 92, is the thousands of grass root Eagle Forum volunteers across the country, “all echoing the philosophy of God, Family and Country.” Anne mentioned that what she inherited personally from her mother, which she values the most, is her mother’s grit. She couldn’t wish for anything more. Her mother was also “an optimist and a happy warrior.” The audience loved Anne and gave her a standing ovation.

Other outstanding speakers at the conference and their topics were:

Trevor Loudon from New Zealand who spoke about his book, *Enemies Within*, about all the communists in both Congress and the California legislature. He also warned us about how Islam and Communism both believe in totalitarian government and work very well together.

Michael Shaw, an attorney from Santa Cruz, CA, entitled his talk, “*America, Is it Being Sabotaged or Skunked? – A Paradise in Hell.*” He spoke about Agenda 21, the guidebook for implementing a controlled socialist society and gave his personal story of how Agenda 21 has been used on his 72 acres in Santa Cruz and placed such restrictions he has not been allowed to build a home on his own property that he has owned since 1993. He told of how Agenda 21 is putting us all under large regional government with appointed commissioners who are not elected by us and hold no accountability to us and are destroying representative government.

William Federer, author of many important books, spoke via skype, and gave a history of Islam, and told of the growing threat that it is today.

J. David Lehman, Ph.D., Director of Eagle Forum of Orange County, author of many booklets on the topics he has debated, spoke on “*Taking Back Our Schools from Progressive Ideology.*”

He traced how we got to where we are in education today and gave the solution to this enormous problem. To save our children, take them out of the government schools and home school them.

Orlean Koehle, State President of Eagle Forum of California, former school teacher, author of many books, spoke of the latest book she is writing, *Islam Rising, Christianity Waning in Europe and the USA*. She expressed her concern after having taught a two-week course on Islam in a 7th grade World History class, and what a biased, white-washed, pro-Islam, anti-Christian slant the course and textbook had. Orlean also shared what she saw and experienced from a trip to Germany last summer and the transformation that is happening because of the high rise in Muslim refugees, 2 million in two-years, 2015-16, the high rise in terrorism and thousands of reports of rape that have followed - all being done by Muslims. She also spoke about the rise in refugees in California, which is receiving more than any other state. She answered who is behind this and why, the huge amount of money involved, and what can Christians do?

Congressman Dana Rohrabacher, who represents California's 48th congressional district, is also very concerned with the refugee problem here in our nation. He spoke of House Resolution 565 that he tried to get through Congress that would *“Put Christians first on the Refugee Resettlement List.”* He said that the religious groups that are the most persecuted are the Christians, some of them are targeted for genocide. For some reason, only the Muslims are the ones who get to flee to the United States. Christians are seldom allowed on the list.

Tim Donnelley, who was a California Assemblyman and a candidate for governor, spoke on his book, *Patriot not a Politician.*” He tells all that was going on behind the scenes when he was serving in the Assembly and running for office himself for governor.

Bill Koenig, a former Whitehouse correspondent for 16 years, who now writes a weekly 14-page news report called “Koenig World Watch Daily – Koenig’s Eye View from the White House,” which gives the Biblical significance of the times we live in. <http://www.watch.org/>. He has also written two books; *Revealed – Obama’s Legacy* and *Eye to Eye, Facing the Consequences of Dividing Israel*. He spoke on *“Can Christians Reverse the Damage of Obama and if so, how?”*

M.C.s for the conference were Bonnie O’Neil, first Vice President for Southern California and **Sheri Miller**, a new Eagle Forum member, who recently moved to California from South Carolina, where she served as the state President for Concerned Women for America.

Special “Bold” Eagle Awards were presented for courageous actions to six outstanding people: Janet Nguyen - State Senator of the Year; Jeanette Finicum – Mother of the Year; two college students Caleb O’Neil and Joshua Recalde, high school student Christian Khan, and valiant Pro-Life Leaders Bob and Bev Cielnecke. They each had the opportunity to speak before receiving their awards, which was a beautiful bronze eagle with wings spread.

Other Speakers who spoke briefly were: Christina Hildebrand and Brunella Mohr: Christina represents a groups called a Voice for Choice, who is very opposed to SB 18, the

Children’s Bill of Rights, that would gut parents’ rights over their own children and give them to the state. The state will impose state standards for parenting over “medical care, nutrition, education, family environment and health and exercise,” and will be ushering a new form of taxation to pay for all the new programs and services.

Brunella Mohr spoke about Mandatory Vaccinations that are now the law in California. She and four of her siblings came to America from Peru with her parents. None of them had ever had vaccinations. Her youngest brother is the only one whom the doctors insisted that he have a series of vaccinations. The others all escaped them. He is the only one who now has autism, and it developed right after he received the vaccinations. Brunella used to live in Orange County but has moved to Utah to escape the mandatory vaccinations for her children.

At the end of the conference, Orlean Koehle expressed special thanks to the M.C.s Sheri Miller and Bonnie O’Neil, and thanked Pastor Loren Rossignol, who gave beautiful prayers for both the invocation and the benediction. She also expressed appreciation to the Senior Pastor Barry Stagner for allowing the conference to take place in their beautiful church. Orlean mentioned that to express their gratitude to the pastors, Eagle Forum of California had donated to their church a beautiful U.S. flag and stand that were standing in the corner highlighted with lights shining on it.

Orlean gave special thanks to David Lehman, Director of Eagle Forum of Orange County for finding the great speakers and thanks to Gloria Pruyne, as the Program Director, for all the extra-mile service that she had done. Orlean thanked all of the Orange County board and the various members of the state board who also helped in the preparation of such a great conference.
